The Best In Practice

## Who We Are

We are a combination of companies that have come together under one roof to deliver the products, services, and solutions you need to be the best in practice. With our passion for infection prevention solutions, premium instrumentation, and service and support programs, HuFriedyGroup will help you perfect your craft and continue to deliver the highest level of care to each patient.

## What Can You Expect From HuFriedyGroup?

HuFriedyGroup is here to provide the best dental experience to the industry. Our unique combination of products, services, and support enable dental professionals like you to reduce risk, improve efficiencies, drive compliance, and enhance patient and staff safety.

### World-Class Products

Our unwavering passion and unrivaled expertise in the dental industry is evident in the instruments and infection prevention products you trust each and every day.

### Compliance & Protection

We provide solutions that help you to ensure a safe environment for patients and staff.

### Service & Support

Through our community platforms, customer service and educational programs, we provide you with the information and tools you need to perfect your craft.

# PROSTHODONTICS

## MASSIRONI KIT FOR PROSTHODONTIC PROCEDURES

HU-FRIEDY

The Massironi Kit for prosthetic includes two new Enamel Rounded Chisel instruments, made with XTS technology, and designed by Dr. Massironi himself in collaboration with Hu-Friedy. These chisels are most often used in the finishing stages of the procedure and the off-angle design allows clinicians to access the restoration from any angle.

Learn more about our  
Key Opinion Leader  
**Domenico Massironi.**

### The kit Contains:

# SURGICAL

## SUPER-CUT

Cutting blade honed/serrated to „razor“ sharpness with opposing blade finished with fine serrations to avoid tissue slippage.

## PERMA SHARP™

Featuring tungsten carbide inserts bonded to surgical-grade stainless steel on both cutting edges for smooth, controlled cutting and maximum durability.

## BLACK LINE

- Optimal edge retention and enhanced lubricity.
- Enriched contrast and visual acuity at the surgical site and underlying tissue.
- Reduced light reflection.
- Maximum comfort, reduced hand fatigue and increased control.
- Optimal strength and corrosion resistance.

**DID YOU KNOW?** All hinged instruments – forceps, rongeurs, scissors, pliers, hemostats, orthodontic pliers, etc. – should be kept lubricated. Regular use of proper lubricants, like Hu-Friedy Instrument Lubricant Spray (ILS), will prevent rust, corrosion and stiff joints to ensure smooth operation. **All hinged instruments should be sterilised in the open position.**

## SCISSORS

### SPVX

Castroviejo Microsurgical Scissors, 16,25 cm, 1 serrated blade, Black Line

# SURGICAL

## FORCEPS HU-FRIEDY

Our **DIAMOND DUSTED FORCEPS** feature a fine diamond coating which increases resistance between the forceps and tooth surface providing enhanced engagement. The secure grasp of the crown and root reduces the risk of crushing or fracturing the tooth.
